RE: Closure Summary Report for RCRA Unit 460.1

Dear Mr. Rampe and Mr. Nesta:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division (the "Division") has received the subject report dated May 5, 2005. The Division agrees that closure activities under Part X-Closure of the Site's State RCRA Permit, specifically permit number CO-04-06-23-01, effective July 23, 2004 were applicable. Further that the activities described in the Unit's Closure Description Document (CDD), approved by the Division on February 4, 2005, have been completed.

Specifically, we accept the Closure Summary Report, which address the secondary containment pans and rollers in the five cargo containers previously located east of Building 460. We also accept the professional engineer certification, submitted in conjunction with an administrative closure, for the floor of the B460 Highbay.

If you have any questions concerning this correspondence, please contact me at 303-692-3328 or Harlen Ainscough at (303) 692-3337.

Sincerely,

David A. Krueck
